Location 13339 Route 39, Sardinia, NY 14 **Phone** (716)496-5551

Description:

On Tuesday, September 14, 2010 Suburban Adult Services, Inc., will be unveiling the new "SureHands Lift" at the High Hurdles, Therapeutic Riding Program in Sardinia, NY made possible through a \$2,500 grant received from the Children's Guild Foundation. The new lift will make it possible for riders to safely mount and dismount their horses with dignity and ease. The lift ensures both rider comfort and safety as well as being the safest method of transferring for staff and volunteers. In addition, program participants who might otherwise not have been able to ride, will now have the opportunity to reap the many benefits offered through therapeutic horsemanship. Rider Joseph Hansen, will be at Tuesdays reception to demonstrate the lift in action.

SASi will be hosting a Thank You Reception to recognize the contributions from the Children's Guild Foundation, The Peter & Elizabeth Tower Foundation and the Enterprise Rent-A-Car Foundation who's gifts made the purchase of the SureHands lift possible.
